RESUME

Contact

Sohail Khan — Front-end Developer (React.js)
Indore, India — Phone: +91 90099 22242
Email: sohail.kh1002@email.com — LinkedIn: linkedin.com/in/sohail-professional

Professional Summary

Front-end Engineer with **5+ years of experience in React.js**, JavaScript, TypeScript, and Redux. Strong background in building **scalable, production-ready frontend applications**, developing reusable components, managing state with **Redux Toolkit**, integrating REST and **AI-powered APIs**, and optimizing performance. Experienced in independently working within **Agile environments** to deliver clean, high-quality user interfaces.

Work Experience

1. **Front-end Developer (React.js)**
   Gimmefy (Teemuno) **Remote — Singapore** — Mar 2024 to Jan 2026

   - Developed and maintained production-grade frontend applications using React.js and TypeScript
   - Built AI-driven user interfaces, including an AI prompt editor and real-time response system
   - Designed and implemented reusable React components with Redux-based state management
   - Integrated third-party and **AI-powered APIs** using REST architecture
   - **Improved front-end performance by optimizing rendering, reducing unnecessary re-renders, and refining state flow**
   - Adaptive UI architecture and performance optimization best Practices Implemented

2. **Front-end Developer (React.js)**
   IndiaNIC Infotech Limited — Mar 2021 to Feb 2024

   - Developed multiple web applications using React.js, Redux, and JavaScript
   - Implemented REST API integrations and dynamic UI workflows
   - Built reusable UI components and followed component-driven architecture
   - Worked in Agile/Scrum environment with cross-functional teams
   - Debugged, optimized, and maintained production React applications

3. **UI Developer**
   Chapter247 Infotech — May 2018 to Mar 2021

   - Developed responsive user interfaces using HTML5, CSS3, JavaScript, and jQuery
   - Worked on early React.js components and UI migration support
   - Converted UI designs into reusable frontend components
   - Collaborated with backend teams for API integration

Technical Skills

- **Frontend Technologies:** React.js (5+ years), Redux, Redux Toolkit, JavaScript (ES6+), TypeScript

- **UI Technologies:** HTML5, CSS3, SCSS, SASS, Bootstrap, Tailwind CSS

- **Frameworks:** React.js, Next.js

- **Tools:** Git, GitHub, Jira, Visual Studio Code, NPM, Yarn

- **Concepts:** Component Architecture, State Management, REST APIs, Agile, Scrum

Education

- **Bachelor of Commerce** — Devi Ahilya Vishwavidyalaya (DAVV), Indore

- **12th Grade** — Madhya Pradesh Board

- **10th Grade** — Madhya Pradesh Board

Projects

Gimmefy
Technologies: React.js, TypeScript, Redux, AI APIs

- Developed an AI-powered marketing platform using React.js and TypeScript

- Built AI prompt editor, response rendering system, and media management UI

- Integrated third-party and AI APIs using REST architecture

- Reusable React components implemented and optimized UI performance

Debriefing
Technologies: React.js, Bootstrap

- Developed employee and employer management web application

- Implemented responsive UI and reusable React components

Jobcheck
Technologies: React.js, Next.js, Bootstrap

- Job search platform for the New Zealand market

- Contributed to frontend development using React.js and component-based architecture

CloudHouse
Technologies: HTML5, CSS3, Bootstrap, jQuery

- Doctor task management and billing system

- Developed a responsive user interface and improved usability

Photobash
Technologies: Angular, HTML5, CSS3, Bootstrap

- Photo selling web platform

- Angular-based user interface and frontend enhancements implemented

URstore
Technologies: HTML5, CSS3, Bootstrap, CodeIgniter

- eCommerce platform for custom apparel

- Implemented UI/UX improvements and frontend theme integration
